Applicants have further listed, on the accompanying SB 08A forms, the primary references that were cited in rejections made under 35 U.S.C. §§ 102 and 103 in each of the Office Actions in the related cases, if these references have not already been cited in a prior Information Disclosure Statement. Applicants have also cited references from International Search Reports that have been received in the subject application and in the related applications in which foreign counterpart applications have been filed.

Applicant respectfully requests that the Examiner consider all of the documents listed on the SB 08A and SB 08B forms and indicate that they were considered by making the appropriate notations on the attached forms, and returning the initialed and signed forms with the next communication in this application.

This submission does not represent that a search has been made or that no better art exists and does not constitute an admission that the listed documents are

material or constitute "prior art." Applicant further reserves the right to take appropriate action to establish the patentability of the disclosed invention over the listed documents, should one or more of the documents be applied against the claims of the present application.
